

Access Features South Dublin Mobile Library Service

One of our 4 mobile libraries is wheelchair accessible and includes an additional pull-out lower step. If you would like that mobile library to visit your stop please get in touch with the Mobile Library Service. Contact details are on the Mobile Libraries page on South Dublin Libraries' website, www.southdublinlibraries.ie.

The mobile libraries provide a Home Delivery Service in conjunction with the branch libraries. For more information see the Home Delivery Service page on South Dublin Libraries' website, www.southdublinlibraries.ie.

With our 24 hour access customers can register online, search the library catalogue, reserve library materials, manage their account, find out about events and programmes across all libraries and access a host of online reference resources. South Dublin Libraries is committed to ensuring that their website www.southdublinlibraries.ie achieves "Double-A" conformance with the World Wide Web Consortium's (W3C) Web Content Accessibility Guidelines (WCAG) 1.0.
