

My Christmas Story
By
Oran Swan

It was Christmas Eve and I had to go to bed early because I knew Santa was coming. I woke up because I heard a noise and I went downstairs and I saw Santa and he saw me. Santa said come with me and I'll take you to the North Pole. We went out to the sleigh and I had a special place sitting on Rudolph. I met Mrs. Clause and the elves. They were still busy making toys and I asked could I make my own toys and they said yes and it saved them some time and they agreed. I made the presents that I wanted a phone, a metal detector and a necklace with a dragon on it. After I made my presents I went to feed the reindeers with the elves. We loaded up the sleigh and went on a magical ride through the starry skies. It took us a long time to visit all the girls and boys around the world because there were a lot of children waiting for Santa to visit. When I got home I went up to my bed and fell asleep. When I woke up my family and I went downstairs together. When I opened my presents they were the same ones I had made with the elves.
